“ My condolences to all Jim's loved ones. He was such a warm and kind person. As I write this I hear his voice in my head saying "Hiya Sar-Ah!" just as he did each and every time I saw him.

“ Years ago in the north end of Hartford, my older brother Rich ran around with Jimmy, and I buddied with Louie until his tragic death in the car accident. We were all part of that northend/St. Michaels crew at a time when that neighborhood was livable and every day was an adventure so many years ago.. I also served as an altar boy at Louie's funeral. I got to know Geraldine when she worked for Dr, Fleisch, the best pediatrician in the state. It was only by chance that I came across the obituary. I'm still pretty mobile and will try to make the service. To his family and friends go my most sincere condolences. Looks like he lived a full life as a husband and father. ---

“ Words fail to express what an important part Uncle Jimmy played in our lives. We were privileged to grow up around him, Aunty Mary (later known as The Nin) and our “big” cousins, where we had fun times, exciting adventures, and more laughter than you’d ever think possible. As we got older, he was for many of us, a great source of advice and guidance, always with stories that would have you rolling on the floor. We will miss him terribly, but as my godmother noted, there is an incredible reunion happening in heaven right now, with big hugs, singing, eating and drinking, a party for the record books. We’ll keep Diane, Michael, Timmy, and Jimmy, and all of your families in our prayers.

“ You were my Father's best friend and partner in business and my Best Man some 40 years ago when Karen and I were married. The time we spent together in the automobile business at Edgewood Auto and Balch Pontiac Buick were so special that I cannot share all the memories and experiences. The bond we shared through life was so special that your passing is so hard on us all. A flood of memories the past day of time spent together Albany Ave, Capen St, the Charter Oakes games that you and Mary and my Mom and Dad always went to, the cabin in Granby, fishing trips with Lantieri's Pizza, Burnside Ave there was never a dull moment. I am so grateful for the time we had together and for all you taught me about the business I am still in today. Be at peace my friend you have left your influence on so many people that you live on through our lives.-Hoggy

“ To my darling cousins- how often thoughts and memories stilled in time? From the cabin, to Edgewood garage with Johnny Hogan and Uncle Mickey, and giving the oxen a workout with “gee and haw”. Your father, my dear godfather was born for adventures and spinning such stories, observer of everything- nothing escaped his view.....And you didn't remember when he stepped off the truth to continue into the hysterical. His view of the world was singular, his imagination boundless, his love of family fiercely loyal. To be loved so dearly. No one like him, not now, not ever.

But just this morning, had a funny thought of someone with a hat, mustache, and glasses, who looked up from the table and said to him, “Hey Sacco! What took you so long?”

“ To my dear cousins, I am so sorry... I share in your sorrow. Uncle Jimmy was wonderful, he was such a joy to be around. I could sit at the kitchen table and listen to his stories forever- he always had adventures and words of advise, he always made me laugh. I remember how he could sing and play the banjo. People were naturally drawn to him. He had me and all my high school buddies engaged in a sing along at my graduation party. And the great memories at the cabin.... I will never forget. He will be deeply missed and remembered in my heart. Sending you all my love and please know how much I wish that I could be there with you during this sad time.

Love always , Joanne
