“ To the family, You don't know me, I'm very sorry for your loss. I was looking at my birth certificate today and the Doctor that delivered me was Dr. Alois Kallfelz MD on 10/25/1956. It touched me when I finally wanted to see the face of that person. Spiritually I'm so grateful it was him after reading all the kind memories of people who knew him that made me feel that my mother was safe at the time of my delivery. I'm 69 years young now and I thank God for Dr Alois Kallfelz and my God continue to bless your entire family.

“ Dear Kallfelz Family --

We are left with wonderful memories of growing up in the neighborhood and being treated to homemade blueberry pancakes with real Vermont maple syrup and Beethoven playing in the background at the Kallfelz house. We are so lucky to have Dr. Kallfelz be part of all of our lives. You are etched in our hearts forever.##imported-begin##Ellen and Brendan Fox##imported-end##

“ Dr Bud
You were always the most compassionate man. I remember so many memories of St Francis and being on call with you. We had many laughs and tears taking care of our patients. Especially the "Friday night specials". You were a mentor and a friend. I will never forget those wonderful days. My sincerest sympathies to your entire family. Does Heaven have "call"!!!
With love
