“ I will never forget one time myself and family were at his home for a Holliday dinner and his son was in the kitchen and had opened the freezer door and hit his head when closing it. Angel was in a different room and heard his son moaning from the pain in his head from being hit by the door. Big angel walked into the kitchen and said to his son (can you do it again because I missed it).

He always made me smile!

“ Cousin I still can't believe you're gone. It was like just yesterday I saw you on Bonner and the smile you had that day was just as priceless as any other day. I remember how you used to joke around and make us laugh. If we were down you cheered us up. Im hurt that your time has come. But I know we'll meet again. Watch over us from the heavens and keep us serve the Lord as one of his Angels. Till we meet at the crossroads. Always loves and missed and never forgotten!

“ Where do I begin, there were so many great memories with you Angel. Spening all the holidays together and just being able to talk to u was the best feeling in the world. You were such a hard worker and everyone knew that.

You always knew how to put a smile on someone's face. You were a great husband, father and grandfather and we will never forget that. I know you are in a better place, shining down on us each and everyday and keeping us safe. I love you forever and always your daughter Brittany.
