“ *What is dying?
A ship sails and I watch till she fades on the horizon.
Someone at my side says, "She is gone. Gone where?
Gone from my sight, that is all; she is just as large
as when I saw her...the diminished size and total
loss of sight is in me, not in her. Just at the moment
when someone says "she is gone", the others who
are watching her coming - take up the glad shout
"...there she comes!"...and that is dying." ~Anon*
