“ I send my deep condolences to the Pendrys family. Carol was a wonderful person and teacher. I had the pleasure of having her as a teacher when I was in elementary school at Riley School. Her and Ms. Powell were absolutely wonderful people. Carol taught dance there. She truly touched many people and I am glad that I had the pleasure of knowing her. I since have married and have two children of my own. One that is a girl and she attends dance and there are many things that I was able to teach her that I was taught. Carol will be greatly missed. “ I was so very saddened to learn of the passing of Mrs. Pendrys . She was my fifth grade teacher at Fitzhugh Park School in Oswego . That was over 40 years ago and the memories I have of her are still as fresh now as they were back then . She always told us how to remember to spell her name . " When your pen goes dry and add an s " She was a real stickler for penmanship and we wrote things on paper for what seemed forever . As a man of 50 I must say I am very proud of my penmanship to this day .I've had quit a few teachers in my lifetime but very few who I can honestly say had an impact on my life . Mrs Pendrys surly did and she will always be remembered by me . That is the test of a great teacher to touch people and leave a lasting impression on them . You as a family should be very proud to know that she has touched many not just mine . My prayers are with all of you . Tom###imported-begin##Thomas Costello##imported-end##
