

Carole James Grayson

August 24, 1946 - June 16, 2018

Carole James Grayson of Bloomfield, formerly of West Hartford, died on Saturday, June 16, 2018. She was born August 24, 1946, in Philadelphia, PA, to the late Elizabeth “Betty” James and Crawford “Jimmy” James. She is survived by her sister, Jacqueline James Blinn, and brother-in-law, David P. Blinn, of San Diego, CA. Carole graduated from Conard High School in 1964, Russell Sage College in Troy, NY in 1968, and UCONN School of Social Work in 1984. She was a Social Worker and Social Work Supervisor, Family Services, for the State of Connecticut for over 35 years. Carole was a member of the West Indian Social Club, where she developed a love for the game of cricket and became an excellent scorer of the game. She served as Secretary of the WISC’s cricket team and was the longest serving Secretary of the Connecticut Cricket League. She would fall in love with every child she met; and they loved her in return. When Carole wasn’t scoring cricket or playing with kids, she was listening to music, dancing, smiling, exercising, cuddling her beloved French poodles, reading a book, watching a documentary or debating politics. Her love of history and desire to learn about other cultures encouraged her to travel whenever possible. The family would like to thank Carole’s good friends for their incredible support, assistance and many acts of kindness during Carole’s last few years. We also thank everyone at Seabury Meadows for their love and devotion to Carole. Those wishing to send expressions of sympathy to the family may make a donation to Seabury Charitable Foundation Meadows Activity Fund (seaburylife.org), 200 Seabury

“ It was such a pleasure to enjoy her company when she would visit New York with her sister, Jacquie. She was so generous with her time - such a happy, caring person.
New York City was a different place when time shared with Carole. She is so missed.

“ Carole and I have been friends since we were in 7th grade at Sedgwick Jr. High in West Hartford. I have so many happy memories of our shared Junior High and High School years together – always accompanied by Carole’s upbeat attitude toward life. As teens, we both took piano lessons, but she was truly the virtuoso. We played duets constantly – and I remember how much fun that was to this day. Through the years since high school, we always managed to keep in touch, attending high school reunions together and in later years meeting for lunch to celebrate our birthdays. We made a vow in high school that we would serve in the Peace Corps together ... it never happened, but that commitment to make the world a more just place is Carole’s legacy. Rest in peace, Carole.

“ Carole was not only my colleague but also my friend. Not only was she a friend to me but she also became a friend to my children ; all of them would frequently ask about Carole, how she was doing and what was she doing.

Carole was bright, forthright and always provided counsel and advice in her own style yet you knew it was always genuine and real. She has a passion for helping those less fortunate and provide hope for a brighter existence to thousands who never would even know her name.

She lived life, has fun where ever she went with that bright smile and hearty laughter. She experienced much ,have us much and taught us much.

Condolences to her family and to her many friends .Her bright star has left us yet the memories left shall remain with us forever and make us smile and rejoice that our paths intersected.

Job well done Carole Grayson ...

“ Carole was kind and compassionate. She was a great colleague and mentor, and most importantly, a dear friend. Throughout the difficulties Carole experienced during the past several years, she continued to smile and be grateful to those around her. She is sorely missed. Rest in peace my dear friend. My deepest condolences to Jacque and David, Dorothy, as well as to friends whose lives she touched.
