“ I was very sorry to hear about Mr. Pompea. I was a buyer for Terry Corp. at the Niantic plant from 1977 till 1982 and he certainly had an impact on me. He always helped guide me in decisions and was ready to help in anyway he could.
I remember that he taught me alot about machining castings and allowed me to make my own decisions.
I look back at my time at the Niantic plant and remember it as one of the best jobs I ever had, it was so good because of Mr. Pompea.
My sympathy to the entire family.##imported-begin##Peter Murdoch##imported-end##
