“ I was so sad to hear about Craig. I am also one of five boys (brothers) from Waterbury, CT and we had so much in common when we swam for UCONN. He always lifted me up. As my four brothers went the military route it was good to have Craig there in UCONN with me. It felt like I had a brother there. I will try to dig up some photos. Rest in Peace. Ali

“ I remember Craig as a young boy on visits to the Warren family accompanying Paul to his home on CT. Craig’s boyish warmth and friendliness continued into those moments seeing him in his adulthood.

My love to Jeff, Mark, David and Paul. Love and comfort to you June.

Thank you to all the Warren’s for your generosity all these years. May this giving spirit provide you with warm reflections in this difficult time. Craig’s sparkle stays with me.

Craig Warren was cherished and loved by his family and friends, despite the brevity of his time with us. Though I did not know him personally, the memories and stories shared by those he touched are a testament to his kind-hearted nature.

As I sit to write this memorial, I can't help but feel a sense of sadness for what should have been and what will never be. Every life, no matter how short, leaves it's own unique impression on the world. Craig Warren impression was evident through his unwavering authenticity and genuine kindness towards those he knew and loved.

Though you may have lost Craig Warren you will always be eternally bound to him by the bond of Love that formed during his time with us . May the memory of Craig Warren continue to bring comfort to his family and friends as we celebrate the life he shared with us, however brief that may have been.

*Rest peacefully Craig Warren you are loved and missed by many.

“ Dear Ms. Warren & Sons,
I was so saddened by the phone call I just received from my Mother regarding the sudden passing of Craig. I will cherish all of our childhood memories we shared. Craig my so dear to me growing up and was the best friend to me. I have enjoyed telling my son Jack about all our kid adventures, building forts, climbing trees, painting rocks gold and trying to sell them to the neighbors.
I shared my first job as a paper girl with Craig and still remember how we would whistle out to each other to make sure we were up and ready to go. He taught me how to play tennis, do the butterfly in the pool and was an amazing artist. Craig will be deeply missed. Sending you lots of love and prayers.
