“ *My Dear Sherry and Tully:*

My heart and mind are full with memories of your mom and grandmother. I still see her as youthful, and fun loving. I see a young pretty woman planning to do something, anything, everything with energy unbound. The last time I saw her, you, Sherry, and she were re-covering furniture with amazing fabric and color blends that speak of class and style. This is the woman that lives in my mind.

My heart and prayers are with you Sherry, Tully and the grandchildren, as well as all who loved her.

Best to you in this time of sorrow and as you move forward down the path of healing.

Love

“ *Hello Sherry,*

I'm so sorry about the loss of your mom and best friend Doris. I remember how thoughtful she was to me and how you called her every day and said Hi Mommy. She had a great laugh and a good sense of humor. She was a hot ticket and she will be missed. My heart goes out to you and your family. Take care of each other.
