“ Mrs. Brennan was a wonderful lady. I was her Home Health Aid for only a few weeks. But during that time I learned so much from her. She loved it when I read the newspapers to her. She was interested in learning about anything that was happening with the world. Mrs. Brennan was very independent. I always admired that about her. She loved boiled eggs, cottage cheese and V8 juice. I would have loved to see her again or at least go to her funeral. But I did not have any ways to reach her I no longer work as an Aid. I wish I had the idea I had today and look her up in the internet. She was by far my favorite patient. I will always miss her, she will always be in my heart. We had agreed to go to Repertorio Español together, but I was taken off the case before we did. R.I.P. My beautiful and wonderful lady##imported-begin##Milagros Garcia##imported-end##
