“ Dear Cousins,

It is hard for me to tell you that I will not be able to attend the services for your dear sweet Mother and my Godmother, Georgette.

My thoughts are with you all as I reflect back on the many joyful moments I have shared with your Mom. From the happiest of days at the Thanksgiving celebrations on the Island and in Connecticut, to the exciting boat rides in Fort Lauderdale and visits with Tracy at Hobe Sound. She was always the effervescent and "up" one of the group. She was my most consistent fan always telling me how talented and handsome I was. Who doesn't like hearing that?

But of the many memories I treasure I will always remember one defining moment in our relationship that for me... is very meaningful; my dear Aunt Georgette taught me how to tie my shoe! I may have been three years old but the memory of this is etched in my brain. I even remember where I was sitting and the chair I was sitting on. She was very clear and patient and it all came together in that formative moment. To this day I do not tie my shoe without remembering Aunt Georgette.

She gave so much to so many, always with a caring, loving, and artistic heart.

I shall miss her greatly and trust God that she will now be resting in comfort and peace with the other magnificent 6.

Love and condolences to all of you and the extended family,

Cousin Peter

“ *To the Family of Mrs. Farley-Page,
I knew your Mom when I was attending the University of Hartford
and lived in campus housing on Hudson St. in 1979-1981. I loved
talking to her. Your Mom was so easy to talk to! She was always full
of wonderful advice and a beautiful smile. She analyzed my
handwriting, and I still remember what she said and what she wrote
in the birthday card she gave me. (I still have the card). I am truly
blessed to have met your Mom. After all these years, just thinking of
her makes me smile. God Bless, Beth Napoli Holcomb*

“ Hi everyone, I had so many memories of your mom! She was like a mother to me. I'll never forget when I was over at the house with Steve in high school and we were making breakfast. Your mom called and Steve answered and then put the phone on the counter and continued making breakfast. Every 10-15 minutes Steve would pick up the phone and say "yea" and put the phone back on the counter. Your mom's voice kept coming -- we ate breakfast while she was talking on the counter! Funniest thing in the world. Boy, your mom could talk. I also had her do a graphoanalysis on me also when I was in high school-- I never heard the end of that! She was smart as a whip! Will miss her greatly --- love to you all --- Dick Francis

That sounds a lot like Aunt Georgette. Going to the Healey reunions, when she went she would talk your ear off, but it was worth it to hear her laugh and see her smile. In all of her Christmas cards she sent she had a picture of her in it, always smiling. I never had her analyze my writing but she told me a little bit about it. She will be terribly missed by all.
