“ I am so sorry to hear of Sue's death. I came across her obituary when I googled her after unsuccessfully trying call the last phone number I had for her. Even though we had not been in touch for several years, I considered Sue a good friend. We worked together at Aetna and Sue was very supportive of me during a difficult time in my life. I have fond memories of going out with Sue and other friends in the Hartford area when we were young and single. Sue was a kind and giving person and I will miss her.

“ I first met Sue at the Helen and Harry Gray Cancer Center at Hartford Hospital in 2001 where she fitted me with a prosthesis following my mastectomy. She made an emotionally challenging task so much easier to handle. She was understanding, sensitive, and comforting ....all of which led me to accept this significant change in my life. Over the years, I had kept in touch with her through the various roles she served within the Simsbury community. My life is better because I knew Sue Schwimer. I will miss her.

“ *Rachel and Josh,  
We were deeply saddened to hear of your mom's passing. Our thoughts and prayers are with you and the rest of the family. I will never forget how good your mom and dad were to us when I was expecting Stephanie, and we had nothing for the nursery. She was a very generous person.

*I am so sorry to hear of your mom's death. I met her several years ago as we served on the planning committee for Simsbury's Relay for Life and recently at the high school when she subbed. She was always so positive and very active, especially when it came to breast cancer and helping others dealing with it. My thoughts are with you and your family.*

*To Rachel and all of Sue's family, my deepest sympathy. I met Sue through Simsbury Newcomers Club and she was a wonderful friend while I lived there. I had the pleasure of seeing her last April when we met for lunch in Northampton and visited the Smith College Spring Flower Show together. I will cherish my memories of our times together, especially our many walks along Iron Horse Blvd and the Rail Trail, and breakfasts at Harvest Cafe. I'm sorry I am unable to attend her services, but my thoughts and prayers are with you all.*

*I am so devastated to discover the passing of my fun, quirky & caring friend! We had so much fun getting to know each other through our short stints selling Pampered Chef products. We developed a close friendship, walking regularly and frequently after we found we were practically neighbors in Weatogue. My kids grew to be very fond of her & loved it when she was their substitute teacher. I lost touch with many friends after a car accident 4 years ago, but have tried unsuccessfully to reconnect with my dear friend & now I've learned why and am devastated over her passing. Sue you were such a wonderful friend and person! I loved listening to your stories and about how proud you were of your daughter. You were so giving of yourself, your time & your love. I have been missing you & will never forget you. You are one of those special people that I'm so lucky to have gotten to know. <3 The last time we were together was at the Simsbury Fly-In in 2012 & we were soooo happy to see each other. Love you dear, sweet Sue...*
