“ Jimmy and I were closest when he lived in West Hartford and I was going to Central Connecticut State College all those years ago. I illustrated 2 books for him that I still treasure. He was always imaginative and pleasant to be with. I still use the Pyrex 8 cup measuring bowl I bought from him when he worked at the Pottery Barn (I think that was the store). I think of him every time I use it. Jimmy was a kind gentle soul and will always have a special place in my heart.
