“ *It is true that cousins are the very first friends in your life. I feel privileged to have spent some memorable days and hours in our younger years with you, Lucio. You always were fun, witty, easy-going, thoughtful and tender-hearted; and I feel grateful to have been included in a tiny fraction of your many adventures. Although I missed time with you as we each raised our families, I know what a wonderful, kind and strong father and husband you became and the legacy you have left for your wonderful kids. My memory goes back about 10 years ago to receiving a random call from you - quite out of nowhere. When you called, I asked what was going on (thinking there had to be some significant news) and you told me that you were starting a new thing - just calling cousins to catch up. I don't recall the details of our conversation, but I will never forget that call.*

Lefante family- my heart goes out to each of you as you mourn Lucio's / your Dad's passing and celebrate his life. I pray that you will find God's comfort as you carry on in your life's journey.

“ Our thoughts and prayers are with Lucio and his family during this time. It was sad to hear of his passing and know he will be truly missed by so many. I was fortunate to know and have worked with Lucio at Hanover Insurance and thought very highly of him both personally and professionally. He was very intelligent and respectful in an old and honorable way, always asking about how my family was doing before getting to business. God bless. John Kneeland
