“ During my elementary years at Morley school I had very few friends mostly due to the fact that I dealt with many mental health struggles that labeled me as different then everyone else. For so long I thought I would never have a friend but to my surprise found I myself to be quite wrong , Because on the first day of second grade I met Lucas and we instantly connected.we weee both immature kids who wanted to do nothing but make poop jokes .i remember the day we met very well we were having our first class of the year it was on the differences between reptiles and amphibians but me and Lucas had other things we wanted to talk about in fact we wanted to talk about everything else during that class then what we were supposed to. After talking with each other throughout Mrs.O’Connor’s entire class we figured out that we both had many common interests and many things in common from that day forward we spent as much time as we could together.Between our time at school ,during recess and at after school care we were inseparable and for the first time in my life I was able to say I had a friend and that is something that I will be forever grateful for Lucas Oliver Schreiber was my best friend and he always will be I will always remember Lucas for his kindness, Intellect , his humor but what I will never forget about Lucas are the laughs that we shared together. I know in my heart that Lucas is now at rest and I wish him peace i also wish Lucas’s family peace and comfort in these difficult times

“ Lukas, I will miss you more than you could ever know. I'll miss sharing fun facts with my colleagues and friends about my “nearly 7 foot tall cousin who could be the next Michael Phelps.” I talked about how impressed I was with you so much, now that I think of it. I followed along all of your sports endeavors through your mom's posts and the local news. I wish I had more time to spend with you and talk with you, not just brag about you. I am so sorry you were struggling - I wish I was there to help. I hope you have found your peace and are looking over us all. I will love you forever.

“ We all loved Lukas. My youngest especially. Desmond thought because Lukas was so tall it was his duty as the tiniest one to battle and defeat him as a way to earn a spot amongst his big brothers friends. The smile here on Lukas' face warms my heart. I didn't know Lukas well these last few years but he will always hold a place in my heart for being so kind to my baby. RIP Lukas.
