“ *My many fond memories of Marcia will always live on in my heart. I met Marcia as a student at Gateway college and from there our friendship blossomed. She will be greatly missed. My deepest sympathy to Jim and the Piwarzyk family.*

“ *My half century friendship with Marcia went by too quickly. Though living a distance of over a thousand miles through most of it, we were able to share life's trials, tribulations and joys as if we were next door neighbors. And all because she was sincerely interested, genuinely compassionate and caring. I have missed our catch-up calls now for too long; actually looking forward to future when they will resume... the mystery of the afterlife! I miss my psychic sister...*
