Margaret's warm and loving nature was evident to anyone who ever had the pleasure of meeting her. Known for her extensive perennial gardens, duplicate bridge playing, knitting and baking especially her macaroni and cheese. She thoroughly enjoyed domestic and international travel and lived in Hawaii, Egypt and Connecticut. A graduate of Becker Junior College, she worked her way up to become the personal secretary to the President of the University of Hartford retiring at age 74 only due to macular degeneration. She adapted to this disability as she did with all lifetime trials with graciousness and courage. She will be missed by all who knew her. Bye for now. A service celebrating her life will be held at First Baptist Church, 90 North Main St., West Hartford at 11:00 a.m. on Tuesday (July 14). In lieu of flowers we are trying to save two of Margaret's trees that came from the family farm, if you would like to assist with this project please send donations to the residence.
