“ To the Zaccardi and Black Families: Hello. My name is Dick Keshian and Mary Lou worked for me at the firm of Keshian & Reynolds, PC in Arlington, MA. Mary Lou was our "bookkeeper", as mentioned in her obituary. I am sure that I speak for my then partner, office manager and staff to indicate how much we appreciated Mary Lou and her range of humor and her importance to our operation. Her obituary brought back many memories of her association with our firm, and more importantly, with all with whom she came in contact. I agree with the "lead" in her obituary: "Greatly Missed."

“ Dear Little family:

*I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.*
