“ I have worked with Mike many years.
He was an excellent person. I am so very sorry.
He was smart. So smart it didn't come as a surprise when I told him I bought a rubik's cube for my daughter. I hadn't touched one 20 years he offered to show me how to solve it... and so he did. My daughter has solved the rubik's cube as a result of Mike's intellect. For the rest of my life, whenever I see one I will always think of him. God bless him and all of you.
