“ I was so saddened to learn of the passing of Father Stack. I took several classes with Father Stack at St.Joe's in the late 80's/early 90's.

He helped me to learn so much about my own beliefs and I will never forget him. In explaining his faith about an eternity with God, he would say that he could not believe that he wouldn't see his 2 year old nephew again.

God bless you Father Stack and may you rest in peace with the little guy you clearly loved so much.##imported-begin##Corinna Eubanks Doughty##imported-end##

“ The road has risen up to meet Father Stack, and he now rests in the palm of God's hand. My condolences to Father's family on his passing.

*Fr. Stack' classes and homilies are among the many happy memories of my years at Saint Joseph College. I recently found the book Man Becoming in my basement and put it aside to read at my leisure. It has been forty years since I read it as a freshman in Fr. Stack's class. Then there were Father's original characters - Cunegunda and Chesley - products of his wit and wisdom. Many thanks to Fr. John Stack for all that he has been to St. Joseph College.##imported-begin##Mary McMahon Flynn, SJC '75##imported-end##*

“ Hello Stack family - I am the daughter of Betty Stack Lauver of Cleveland. I visited the family and Fr. John many years ago while in college. I am heartbroken to hear of his passing. I know he meant the world to many just from having met him twice. I was looking him up today to report Uncle Jimmy Stack's passing on January 5th, as I always thought of the two of them as kindred spirits. They were both very funny and full of love for life. My thoughts and prayers are with the family.##imported-begin##Beth Lauver Christen##imported-end##

“ Father Stack was my professor as I pursued a minor in religious studies. I greatly enjoyed his classes and learned so much from him. He had many interesting stories that enlightened my faith journey. Some stories shocked this young Catholic and made me think about new ideas like when he talked of a future black pregnant pope. After graduation I was very happy to get in touch with him to serve as the celebrant for my marriage. I was always hoping to run into him again someday, but I guess I will have to wait some time for that reunion now. Rest in peace Father Stack.###imported-begin##Deanna Poggie Sokola###imported-end##

“ I was a long time member of the Church of Saint Timothy. I always enjoyed Father Stack's homilies and often told him so. One Sunday after a particularly wonderful homily, I went up to him after mass and spoke to him about it. A few days later I received a copy of that homily in the mail from him. He was a special man and will be greatly missed.##imported-begin##Carol Krause##imported-end##

“ Father Stack taught the two religion courses I took as a student at St. Joe's in the late '70s, as well as served as our chaplain. He is a vivid memory for me of those four years - he made my religion come alive - and for that I am most grateful. Rest in peace Father.##imported-begin##Lauren Buckingham Lundbjerg##imported-end##

“ To Father Stack's Family:  
You probably don't know me because I'm one of the many parishioners who eagerly listened for Father Stack's homilies. The ones about the comics of the Peanuts were especially my favorites. When all of the other priests had sermons/homilies which would bore a youngster growing up, Father Stack always kept my interest. He was such a funny priest. I will miss him dearly and it has been a long time since I've heard his homilies, as my family and I listened when he would assist Father Leo Picher or Father Shaw with Sacred Heart School/Church and Our Lady of Assumption in Bloomfield. Rest in Peace, Father Stack.##imported-begin##Catherine F. Kriss##imported-end##

*14 Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.*  
*15 He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.*  
*16 With long life will I satisfy him, and shew him my salvation.*
