“ My heart felt condolences to all of Sally's family. My name is John Donohoe and I am originally from Longmeadow. I came to West Hartford to teach in 1972. Shortly after arriving at the conclusion of a school open house presentation Sally came up to me and shared her experience of babysitting for me when i was a very young boy. She knew my family and she often shared her experiences babysitting for me and my sister. it was great knowing her while teaching in West Hartford. My wife and i presently live on Cape Cod. My best to all of the Family.

Warmest regards,
John Donohoe

“ Sally was a member of the NOT a Frump Red Hat Society of Winsted. We laughed most of the time about thing that were going on in our lives, and sometimes we cried. Many tears will be shed at the next meeting as Sally was a friend to all of us. She had such a gracious spirit and a loving heart. Life is a journey and we will all going on knowing that we will meet again. Diane Gillman

“ We are thinking about the times we spent with Sally and family up at the lake, and the faculty parties. Mom is enjoying all the memories of the years spent teaching with Sally at Bugbee. She was a good friend, and will be missed.

“ *Sally was a friend at the lake for many years and we shared good books and conversation. She was smart and funny--a twinkle in her eyes. She never complained and had a dignity and grace about her. I didn't know her when she taught, but can only imagine that she was a wonderful teacher. She sure kept our book club in good order.*

I will miss her very much. My condolences to Ray and her family.
