“ Dear Jimmy and Family

I was so sorry to see the notification of your daughter, Sarahs passing in the paper.From the obit she sounded like a lovely and heartfelt person and beautiful too. We know what you are going through right now since I lost my daughter Lisa at age 23 and there are no words to heal the heartache you are feeling right now. She is with you always with the wings of an angel and you will be able to feel her presence when you are at your loneliest moment and smile at something that reminds you of the happy times you had together Missing you and your brother Mark and sisters Joyce and Gail.

“ My deepest sympathy to you on Sarah's passing. It has been many years since I saw Sarah, but I will always remember being present in the Delivery Room at Hartford Hospital when she and Amy were born and then participating in her care in the NICU. Hold on to and treasure them; they will help give you strength through this difficult time.
