“ To my beloved family,
I know this is a sad time for all of you as it is for me. I have the greatest memories of my grandmother growing up. Her way of loving, caring and placing everyone first before herself. I was always honored to be the first grandchild for her and she told me that I was a wonderful blessing for her oldest daughter. I know they are together now and watching over us just like they did when they were alive. Their spirits are always with us and I will always remember the wonderful memories that they gave me.
Love and hugs to all my family there.
