“ To Steve's parents;  
I would like to thank you for raising such a wonderful person and sharing him with us.

To Steve's family and friends:  
I offer my heartfelt sympathy for your loss. I had the distinct pleasure of knowing Steve here at Pratt & Whitney, and I am thankful that I was given that opportunity. Steve always had a smile and a laugh for you whenever you saw him. He was always willing to give of himself, no matter what the task. He was a fun person to be around and I will truly miss his soul. Please find some comfort in knowing that Steve is in Heaven right now under God's loving embrace. May all of us find peace in that and remember Steve and how he touched our lives.##imported-begin##Edward Milne##imported-end##

“ I was so lucky to work with Steve and so happy I was given that gift. Steve was always there with a smile and a helping hand. I will so miss his cheerful hellos and teasing. He made my work time less stressful. What a wonderful person! I wished I was at the services this morning to let his family know how many people he touched. May everyone be comforted in knowing that he is now enjoying the peace that he shared so willingly with everyone else. He will never be forgotten.##imported-begin##Rhonda Pease##imported-end##

“ We would like to express our deepest condolences to the family and friends of Steve. We had the pleasure of meeting him thru Pratt and Whitney. We first met him when he offered to help out with a Fund raiser for a co-worker who also had cancer. He had Class, charm, and a great sense of humor and will be sadly missed here at cTc.##imported-begin##Connecticut Tool & Cutter Co##imported-end##

“ I would like to extend my personal condolences to Steve's family and friends. Although we met at work, I consider him a genuine friend, always willing to provide a helping hand and approach life's challenges with a stong conviction and confidence. His sense of humor and boyish smile are the things I will remember most. Goodbye my friend, you'll be remembered always.##imported-begin##Robin Crothers##imported-end##
