“ I never forget the time Alyse first introduced me to her mom Sophomore year in High School. As we entered the house I was led into the living room and Virginia promptly showed me her beautiful antiques and recounted details as well as any museum docent. I thought what an intelligent and enterprising business minded mom - way ahead of her time!
She was so often ready with a smile and clever comment and listened to our concerns and interests with real empathy. Conversations with Virginia were always great fun and I will always remember her with much love as my second mom.
